DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on March 5, 2004. In the amendment
5 claims 19-26 were canceled; and claims 27-31 were newly added. Currently, claims 27-31
remain for examination.

Allowable Subject Matter

2. Claims 27-31 are allowed.

10 3. The following is the Examiner's statement of reasons for allowance: the claims are
directed at a coding/marketing system for conveyer belts. As disclosed in the prior arts cited in
this Office Action, a conveyer belt marking for various purposes is generally known in the art.
However, the cited references, taken alone or in combination, fail to teach a device for coding
conveyer belts whose coding and marking system completely embedded in an edge region of the
15 belt; and the marking system comprising a matrix wherein a plurality of detectable material
particles are fixedly embedded in the matrix, and they are disposed at a predetermined fixed
location with respect to each other. The system is further comprised of a static scanner unit for
reading and detecting the particles material as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the
20 payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for
Allowance."
